

Kiwani's Club of Saugerties presents

Hudson Valley Garlic Festival™

2025

Dear Vendor

The Kiwanis Club of Saugerties is excited to invite you to apply to the 2025 festival. We had a very good turnout last year and hope that this year's festival will see similar numbers. Our focus this year will be to improve on the changes that were made in 2023 and 2024 including maintaining 3 feet of unobstructed space between each booth. Again, this year, we will have 10'x10' (1 tent) and 10'x 20' (up to 2 tents across the front of your booth) booth spaces.

All vendors that have not paid our onetime Wi-Fi fee of \$50.00 in the past will be required to pay this fee in addition to the standard booth fees in 2025.

This year is our 4th year having a Zero Waste festival. We expect that all returning vendors will identify deficiencies and report them to our Zero Waste Team so that composable products are collected from your booth throughout the festival and do not wind up in the trash. We will continue to work at making this process easier for our vendors but need you to commit to this project and work together with us and our new vendors to make this program successful for all. For additional information regarding the Zero Waste program please see pages 3 & 4 of the Rules and Regulations.

If you are interested in participating in this year's festival, please complete the attached application for the 2025 Hudson Valley Garlic Festival™. This year our festival will again be a two-day event to be held September 27th and September 28th at Cantine Field in Saugerties, NY. The admission fee will be \$15 per day at the gate with advanced purchase discounts available online and in local stores for \$10.00 with senior tickets available at \$8.00. There will be no discounts available at the Gate. Children under 12 are admitted free when accompanied by an adult.

The Kiwanis Club of Saugerties continues to work hard to make this a unique event that celebrates garlic and the harvest season. We thank you if you have been a vendor in the past and would like to remind our new vendors that your product must reflect or complement our garlic theme. We expect all vendors to make a conscious effort to have an attractively decorated booth which reflects the harvest season and complies with Town of Saugerties Building Department regulations that require all decorations be non-flammable. Safety is important; please make sure that your tent/canopy is securely anchored to prevent it from becoming a dangerous, airborne projectile as high winds do occur at Cantine Field during this time of year.

If interested, please complete the attached application and return it to me at the below address. Note that incomplete applications will be returned. **Applications must include a #10 (9 ½ inch by 4 1/8 inch) self-addressed stamped envelope with \$1.07 postage that we will use to send you your setup instructions, admission passes, and vehicle passes.**

Send your completed application including your vendor fee to:

**VENDOR AGREES TO COMPLY WITH THE FOLLOWING
RULES AND REGULATIONS DURING THE
HUDSON VALLEY GARLIC FESTIVAL™
September 27th & September 28th 2025
(page 1 of 4)**

ALCOHOLIC BEVERAGES: Consumption of alcoholic beverages is limited to the Bier Garten only and will be **strictly enforced**. If VENDOR or their worker/volunteer violates the above rule, that VENDOR will be barred from participating in future Festivals.

VENDOR FEE:

1. VENDOR Fee: VENDOR understands that once accepted, the fee is non-refundable and that the Festival is held rain or shine.
2. The Fee entitles VENDOR to a 10' x 10' or 20' x 10' space at the Festival. You may park one car behind your booth if space allows. The Festival Management will supply no tables, chairs, tents, etc.

SETUP:

1. Booth setup may begin at 12 noon on Friday, Sept. 26^h, ending at 6:00 PM. VENDOR may also set up on Saturday, Sept. 27, 2025 from 6:00 AM to 9:00 AM, at which time all vehicles must be removed to the vendor parking area. Festival entrances will be locked to all vehicles at 8:30 AM sharp on both Saturday and Sunday. Vendor entrances W3 and M3 will be open during the festival to access the vendor parking areas only.
2. There will be no booth setup on Sunday, Sept. 28th, except to restock your inventory (see #2 under HOURS). Security of the Festival grounds will be provided on both Friday and Saturday nights. However, while diligent efforts will be made to protect vendor booths and their contents, **neither the Kiwanis Club of Saugerties nor the Town of Saugerties will be held responsible or liable for loss or damage to property.**
3. If you are bringing a tent or any other setup that requires that holes be put into the ground, please state such on the contract.
4. It is your responsibility to securely anchor your booth, as the autumn wind and weather can be severe at Cantine Field.

RESTRICTIONS ON MERCHANDISE:

CRAFT VENDORS

1. All items must have been handcrafted by you or by someone directly under your supervision. Reselling items made by others is not allowed.
2. Some of your crafts must relate to the garlic theme of our festival. Other items that you've handcrafted may be sold, with approval of the Festival Management.
3. NO MEDICINAL OR FOOD ITEMS OF ANY KIND.

BUSINESS OR PACKAGED FOOD VENDOR:

1. Your products must reflect the garlic theme of our festival. Token representation will not be tolerated.
2. Food products must be packaged in such a way that the intention is for off-premise consumption (i.e. bottled and sealed jams, jellies, vinegar, and salsa). You must either grow some amount of the packaged food yourself, or you must buy the food locally (within your state or region). You may give away tiny samples of food without a N.Y.S. Health Permit but must assure that any utensil or container used for sampling are compostable. If you sell food for consumption directly on premise you must apply as a FOOD VENDOR. Please call for details.
3. NO HEMP OR THC PRODUCTS, OF ANY KIND ARE ALLOWED.
4. If you are a food processor you must provide festival management with a copy of your New York State 20-C food processing license or your home states equivalent.

FOOD VENDORS:

You must have one line of food that includes flavoring with the significant use of fresh garlic. (Shaking garlic powder on hamburgers does not qualify that as a food flavored with the significant use of fresh garlic.) Festival Management encourages the use of fresh garlic in the preparation of all foods sold at the Festival. Food Vendors are required to use compostable disposables that have been previously approved for this event. There is a list of acceptable disposables and the regulations included in this document and posted online at www.hvgf.org.

GARLIC GROWERS:

You may sell garlic that has been grown by you on your premises and garlic braids and wreaths made by you or your employees. You may also sell any other fresh produce that you have grown on your premises, but 85% of what you sell must be fresh garlic.

GARLIC GROWER PLUS:

In addition to the above you may sell bottled products and other inventory relating to garlic. **You may not sell medicinal products, including hemp or items containing THC, of any kind.** Again, what you sell must be made from fresh garlic grown on your farm. Bottled products should not include drinks intended to be consumed during the festival, because that encroaches on the Food Vendors' territory. If you are selling processed foods such as Black Garlic, you are required to supply the festival management with a copy of your 20-C New York State food processing license or your home state equivalent.

HOURS:

1. The Festival gates open to the public at 10 AM on Saturday and Sunday and close at 6:00 PM on Saturday and 5:00 PM on Sunday. The booth exhibit must be in order by 9:30 AM on both Saturday and Sunday. Vendor may not close their booth prior to 6:15 PM on Saturday and 5:15 PM on Sunday without prior written permission, email your request and your response will be your permission.
2. If Vendor wishes to remove inventory/equipment from booth on Saturday evening, he/she may do so after 6:30 PM and up to 8:00 PM. The booth must be restocked and vehicles removed by 9:30 AM on Sunday.
3. Vendor will be open for business from 10:00 AM to 6:00 PM (Saturday) and 10:00 AM to 5:00 PM (Sunday) regardless of the weather. The FESTIVAL MANAGEMENT must approve, in writing, any deviation from posted hours.
4. Vehicles are not permitted in the festival's public areas between the hours of 9:30 AM and 6:30 PM on Saturday and 9:30 AM and 5:30 PM on Sunday.

4. The Kiwanis Club of Saugerties continues in our quest for Zero Waste to reduce the amount of trash being generated and sent to the landfill by our festival. Housekeeping of your exhibit area and its immediate vicinity will be the responsibility of the vendor. Volunteer staff will be trained in the separation and removal of the various materials. Please do your part by identifying where the nearest recyclable/compostable tent is to your booth and asking attendees to take their trash there for disposing. Packing for all items that will be disposed of at the festival must be compostable. So that we can clean the grounds for Sunday's festival goers please be sure to follow the following instructions before leaving on Saturday night:

 - b. Food Waste and other compostable items must be placed in the receptacles lined with compostable bags and marked "FOOD WASTE" Your booth will be serviced throughout the event by volunteers. The goal is not have food waste collect at the booth. If you have any waste collecting at your booth during the festival send a text to 845/532-2371 with your booth number and request to have trash picked up.
 - c. By removing the food waste, there will be a significant reduction to the refuse. Any remaining refuse must be bagged and tied each night & placed in front of your booth for removal.
 - d. Recycleables will be collected by the volunteers on an as needed basis.
 - e. At the end of the Festival, your area must be left as you found it – pristine and clean – with all refuse bagged or tied for easy removal.
 - f. Failure to abide by the above will result in a \$50 fine.

HVGF – 2025 / MANAGING WASTE

In 2020 Ulster County passed a Zero Waste Resolution and a Food Scrap Reduction Law. New York State enacted the Plastic Bag ban and Styrofoam ban, in addition to a statewide Food Scrap Recovery and Reduction Law.

The 2025 Hudson Valley Garlic Festival (HVGF) has set a goal to eliminate more than 90% of the refuse that is sent to the landfill. To accomplish this goal, the HVGF will continue to work with Greenway Environmental Services who has experience in designing and implementing Zero Waste Systems.

HVGF vendors will be required to bring only compostable disposables to the festival. Greenway has compiled a list of brands and items that are acceptable and outlets where they can be purchased. There is a lot of confusion about the acceptability of some items that are advertised as being “compostable”, when in fact they are plant-based materials that are blended with petroleum-based materials.

Vendors will be instructed on how to separate the materials generated from their booths:

- food waste including the compostable disposables
- corrugated cardboard
- cans and bottles
- trash

This year people will be periodically inspecting the materials that are generated at your booths. Any vendor who is found using an unapproved item will not be allowed to continue selling at the festival. They will have to close their booth and wait until the end of the festival to leave the site. Vendors who are non-compliant will not be invited back to participate in next year’s Garlic Festival.

With a team of volunteers, the HVGF will increase the collection service of the separated items on a regular schedule.

A list of acceptable compostable disposables will be included in this document. The list is posted on the website: www.hvgf.org If there is a product you would like to substitute, please contact Josephine Papagni of Greenway. You can reach her by calling or texting 845-656-6071. If you text a question, you could also include a photo of the item or the box. You can also email Josephine at greenway777@aol.com. She will work with you to get an approved product that will work for you.

NOTES ABOUT COMPOSTABLE MATERIALS

- Products with 100% PLA (poly lactic acid) **are acceptable**
- Products with the #7 inside the triangle with PLA underneath **are acceptable**
- Untreated paper plates and cups, (sometimes coated with PLA) **are acceptable**
- Products that combine PLA with polyester, or PLA with polypropylene, **are NOT acceptable**
- Cornstarch mixed with polyester are **NOT acceptable**.
- BPI certified **does NOT** ensure that the products can be safely composted
- In fact, “Biodegradable” just means that materials break down over time, **NOT the same as composting**.
- Green Washing has become very sophisticated and not always easy to identify. We will make consumers aware of the “bad actors”

Material that is well vetted and is correctly composted produces an end product that has a valuable role in our local landscapes. The highest uses for food waste compost is to make a filter medium that cleans water and to reliability return the fertility to our soils.

Please continue to check the Hudson Valley Garlic Festival website (www.hvgf.org) for updates about the best materials to order for your festival outreach. And do not hesitate to contact Greenway at 845-656-6071 with any questions or concerns.

Thank you for participating in the demonstration for our Zero Waste Festival. We are proud to work together for this very worthy goal.
