

Dear Food Vendors:

Welcome to the Hudson Valley Garlic Festival. The Kiwanis Club of Saugerties, the sponsor of this event, has reached a goal of diverting nearly 90-percent of the waste generated at the festival from landfills and incinerators. This will be accomplished by including compostable disposable items with the food waste.

We are providing you with a list of disposable materials that have been carefully chosen to not only be compostable, but are also safe for the environment. **NOT ALL PRODUCTS LABELED “COMPOSTABLE” ARE SAFE FOR THE ENVIRONMENT.** Many of the products that claim to be compostable are “imposters”. Often they are a blend of “recycled material” or “renewable material” that have become interchangeable for petroleum-based plastics – and produce micro-plastics in our compost. **PLEASE DO NOT MAKE A SUBSTITUTION WITH AN ITEM NOT ON THE LIST.** You are welcome to research for other items, but please communicate with us before you purchase something else. We’ll work with you to quickly determine if this is an acceptable item.

Call Josephine Papagni at 845-656-6071 or email [greenway777@aol.com](mailto:greenway777@aol.com) with any questions.

Some guidelines for vendors at our ZERO WASTE festival:

- Condiments **cannot** be single-serving packets. All ketchup, mustard, mayo, etc. must be dispensed in bulk. (suggest gallon pump bottles or similar)
- Milk and creamers **cannot** be single-serving. Also, must be dispensed in bulk, or “community” milk cartons.
- Paper sugar packets **can** be used (Sugar, Splenda, Equal, etc.). They can go in with the food waste.
- **No** foil or plastic wrapped products are acceptable.

By instituting these practices, we are able to achieve a clean sort at the festival collection booths:

- Food waste and compostable disposables will be composted at our compost facility in Clintondale, NY.
- Cans, plastic bottles, and glass will be recovered for recycling at the Ulster County Resource Recovery Agency
- Cardboard will be recovered for recycling at the Ulster County Resource Recovery Agency

Please do not plan to serve in any plastic, aluminum foil, or unapproved compostable products at the Festival. This includes those plastic “to go” containers. If you don’t bring the plastic and aluminum products into the site, they won’t inadvertently get mixed in with the compostable waste.

**Vendors who are found in violation of the “no plastic / aluminum foil / or unapproved compostable products” rule will be forced to close their booth for the remainder of the festival.** If you have any questions about whether the products you would like to use are approved, please check in with Josephine Papagni at 845-656-6071 or email [greenway777@aol.com](mailto:greenway777@aol.com).

We look forward to working with you.

Thank you.

# FOOD WASTE COLLECTION

## YES – O.K. TO PUT IN FOOD WASTE

- Vegetables / Fruit
- Meat
- Bones
- Coffee Grinds
- Tea Bags
- Paper towel
- Paper napkins
- Compostable Disposables
- Soiled Cardboard

### USED COOKING OIL:

- Put in sealed containers for pick up with food waste

## NO – DO NOT PUT IN FOOD WASTE

- Plastic (film, bottles, bags, gloves, cups, cutlery)
- Milk cartons (foil lined, plastic coated, etc.)
- Glass
- Newspaper, Office Paper, Corrugated
- Steel
- Aluminum (cans, foil, etc.)
- Batteries
- Personal Hygiene Products
